Yoana Churkina LinkedIn

A Designer specializing in turning research and data into intuitive, user-centered digital products. Experienced across the full design process, from discovery and prototyping to testing and validation, collaborating with stakeholders to align user needs with business goals and deliver impactful solutions.

Intern USER EXPERIENCE DESIGNER

MediaCampusNL

Sept 2024 – July 2025

Designed MIA, a platform supporting early-stage media start-ups at Media CampusNL, aimed at fostering secure idea validation and innovation. The project focused on addressing challenges around trust, privacy, and transparency in generative AI to create a safer and more user-centered experience.

USER EXPERIENCE DESIGNER

Simptel

Feb 2024 – July 2024

Designing a prototype of a visual development tool for Simptel's Digital Identity Self-Service Portal - a SaaS platform that enables non-technical users to customize authentication flows and streamline secure identity management.
